To go between Stanford HEPL and Lockheed follow the red line.

Stanford HEPL

LMSAL 252 and 202
HMI Preliminary Design Review – Nov. 18 & 19, 2003

**FROM 101**
From San Francisco Airport, take 101 south to Oregon Expressway. Oregon Expressway becomes Page Mill Road. Continue on Page Mill Road. Pass El Camino Real (3rd stop light after El Camino Real). Turn left on Hanover Street. Drive up the hill, 2nd left turn into parking lot. Walk up the far set of stairs. There will be a guard in the lobby.
From Palo Alto take University Ave/Palm Drive to Campus Drive, turn right and proceed past hospital and right-hand bend (start of red line above). Turn left onto via Ortega then left through parking lot to the HEPL parking area. The HMI PDR second day is in CISX-101.
HMI-PDR Directions

Day 1 – PDR is at LMSAL Building 202

FROM 101
From San Francisco Airport, take 101 south to Oregon Expressway. Oregon Expressway becomes Page Mill Road. Continue on Page Mill Road. Pass El Camino Real (3rd stop light after El Camino Real). Turn left on Hanover Street. Drive up the hill, 2nd left turn into parking lot. Walk up the far set of stairs. There will be a guard in the lobby.

Follow these directions to reach the HEPL Annex buildings at Stanford:

From 101, take the Embarcadero Road exit (West). After about 2 miles, Embarcadero goes under the railroad tracks, then crosses El Camino. As it crosses El Camino, it becomes Galvez St. Try to be in the left lane (NOT the left-turn lane) as you cross El Camino, because the road forks ahead, and you want to take the left fork (if you don't get into the correct lane and are forced right, don't panic. Simply turn left at the signal onto Palm Drive, then turn right onto Campus Drive, and follow the instructions below). Turn right off Galvez (or Palm) onto Campus Drive. At the 5th stop sign, turn left onto Via Ortega. Go straight at the stop sign (Via Pueblo). You will see a multi-story parking garage on your right and a parking lot on your left. Turn left at the fourth entrance into the parking lot (directly across from the entrance to the parking garage, at the "I" in "VIA ORTEGA" on the map). Go straight through the parking lot until you come to a stop sign. Continue straight at the stop sign, and then turn left into the fenced parking area that you will see on your left. This is HEPL Visitor parking (no pass required) and there should be some parking spots available. At the end of the lot (straight ahead as you turn into it) are two small two-story buildings shown on the map as "A" and "B". These buildings are named "Hansen Experimental Physics Laboratory (HEPL) Annex A" and "Hansen Experimental Physics Laboratory (HEPL) Annex B," and contain our group offices. If you get lost, call 723-1505 or 723-8320. The HEPL Conference Room is in the main HEPL building and is entered through the courtyard between Annex A and Annex B.
